## **UCT statement on the release of the Fees Commission report**

The executive of the University of Cape Town has taken note of the release of the Heher Commission report. The executive is indeed grateful that the report is finally in our hands and that this can be followed by the process of interrogating each line so as to come to an understanding of the impact on our institution. On face value, the executive is impressed with the thoroughness of the report. It appears that the matter was taken very seriously and that many inputs from academics have been included in the final report. The executive believes that the report needs serious consideration and will now study the details before commenting further.
