

Students with fee debt from 2021 who were on UCT financial aid or GAP funding

These students can approach the Student Financial Aid Office directly for assistance towards their fee debt.

Appeals may only be available to students that have a fee block to register. What you need to do: Submit an online appeal by logging onto your PeopleSoft Student Portal.

Students from higher-income households, who are expected to pay a higher expected family contribution (EFC), will be required to contribute a greater share towards their outstanding fees, while disadvantaged students may be assisted in full.

Where the online appeal form is not available, please email the Undergraduate Funding Office for assistance to activate the online appeal tile in Peoplesoft Student Self Service.
