

Postgraduate appeals

Appeals from funded students should be directed to the Postgraduate Funding Office. Postgraduates can submit appeals based on legitimate reasons, as agreed by the Postgraduate Studies Funding Committee, including:

- Request reassessment of the 10a / changed financial circumstances
- Exemption from rule to hold awards concurrently
- Extension of funding tenure
- Request to hold funds that exceed maximum award limit
- Deferral of award
- Change to programme of study
- Late applications with legitimate documented reasons (eg medical reasons).
