

“The COVID-19 pandemic reminded us that ‘I am because we are’ and ‘We are because I am’. So, we need to make this delicate balance between the ‘I’ and the ‘we’ work.

Each of us needs to take responsibility for our actions and behaviours, and we need to nurture an ethic of care for the self, the other and the community we embody. Thus, come as you are so that we can enrich one another’s lived experiences in a manner that recognises, affirms and appreciates all our humanity. The DSA – from Student Housing and Residence Life to Student Governance, Orientation and Leadership, Student Undergraduate Financial Aid, the Student Wellness Service and the Executive Director’s Office – undertakes to work with you to ensure that your lived experience at this university is humanising and that you flourish. Welcome to UCT.”
